

DEINZE YACHT CLUB VZW - D.Y.C.

Lucien Matthyslaan - 9800 Deinze

50° 58'41.12 N , 3° 31' 24.20 E. Gent - 25 Km. DEINZE Kortrijk - 25 Km

WELCOME! With these recommendations we want to wish you a pleasant stay in our harbour. When you arrive, please inform our harbour master on the phone number +32 495 255 620, who will show you your mooring for the night. If you cannot reach him, call +32 496 080 280 .

Practical

The harbour master will also give you a code which allows you to open the door of the sanitary fittings (toilets and showers) and with that code you can also open the gate at the slipway so you can leave the domain.

This code is personal and should not be given to other people.

The harbour master will register you and will charge you. In this price the electricity is included (CEE, 230 V, max. 6 amps.), disposal of garbage and the use of showers each night and for each boat with a maximum of 4 people.

If you want drinkable water, you have to ask the harbour master.

Disposal of garbage is next to the sanitary fittings. Please select your garbage: plastic, glass and litter in different containers.

Waste from ships/polluted waste **CANNOT** be left here.

Barbequing or making a small fire is allowed on the small area under the pole.

Touristic

DYC is seated on the crossroads between Brugge, Kortrijk en Gent (Schelde). On the Leie between Deinze and Gent, you navigate (max 7km/h) through a beautiful landscape.

The center of Deinze (500 metres downstream) offers a wide range of stores, supermarkets, cafés and restaurants in walking distance.

To the train station you walk about 15-20 minutes.

The urban park (entrance across DYC), with animal park and playground for children is definitely worth visiting. (Closed from 10 pm)

You can easily reach the Castle of Ooidonk by bike (follow the water downstream nrs. 5-6-9-11-12-90) another recommendation in the area.

The local swimming pool with a baby pool, a large swimming pool, steam cabins, Jacuzzi and slide is in walking distance.

Respect

Please respect the peace in our harbour and on the water, adjust your speed so you do not cause any inconvenience to the other boats and so you do not cause waves in the harbour (speed: max 5km/h). Repairs / painting / filling your tank is only allowed under supervision of the harbour master.

We wish you a pleasant stay and a nice trip.
